APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicat	on;
nd do hereby grant the same, subject to the following limitations a	ıd
conditions:	
This permit is issued subject to all existing rights on it source and is limited to what the well will produce but not to exc	eed
3.5 c.f.s. It is understood that this right must allow for a reas lowering of the static water level at permittees well due to other	
ground water development in the area. A substantial weir or other of measuring device must be installed and measurements of water us	typ
and a method provided, either air line or opening, for measuring d	epth
to water. The State retains the right to regulate the use of the nerein granted at any and all times.	wate
The amount of water to be appropriated shall be limited to the amoun	t
which can be applied to beneficial use, and not to exceed 3.5	
cubic feet per second, or a yearly duty of 5 acre-feet per acre of	land
irrigated. Actual construction work shall begin on or before December 4, 195	
Proof of commencement of work shall be filed before January 4, 195	8
Vork must be prosecuted with reasonable diligence and be completed o	ior
before December 4, 1958.	
roof of completion of work shall be filed before January 4, 1959.	,
Application of water to beneficial use shall be made on or before	
December 4, 1960 . Proof of the application of water to benefit	cial
use must be filed with State Engineer on or before January 4, 1961
